Experience

- Jul 2024 - Current ⚡ Remote
 Freelancer UX Designer & Web Developer

Redesigned the **Optmyzr company website** in collaboration with two junior developers, improving performance, accessibility, and SEO visibility. Implemented CloudCannon CMS integration to streamline content management for the marketing team. Focused on **enhancing usability, responsiveness, and conversion-oriented UX** across all touch-points

- Jun 2021 - Jul 2024 ⚡ India
 Full-stack Designer and Developer
Optmyzr Inc.

Led end-to-end UX and design research for a **Benchmarking Tool** that increased user **signups by 10%**. Conducted **user studies (50+ participants)** to guide an R&D Data Integration project, improving **engagement by 13%**. Drove a React ecosystem migration, improving workflow efficiency for a 30+ person team, and ensured product consistency through UX testing and iteration.

- May 2020 - Jun 2021 ⚡ India
 Intern - UI Designer and Front-End Engineer
Optmyzr Inc.

Redesigned the company website, improving **usability and discoverability**, which led to a **20% boost in organic reach**. Designed an Insights Tool that delivered actionable user feedback and contributed to a **25% rise in sales**. Conducted **heat-map and behavioural analysis** to identify key UX enhancements for better adaptability.
